FREEDOM TRANSIT BUS SERVICE AVAILABLE TO PETERS TOWNSHIP RESIDENTS

Freedom Transit operates weekday bus service through Peters Township to help connect residents to places of employment, medical providers, county offices & courts, shopping, and recreation destinations. The County Line B route starts in Monongahela and continues through Finleyville, Peters Township and McMurray before getting to Downtown Washington with two trips in each direction each weekday. Anyone in the community can utilize the bus service as it operates just like a city bus with designated stops and times.

The County Line B route runs through Peters Township using Venetia Road, Bebout Road, Valley Brook Road, and Route 19 (Washington Road). Freedom Transit bus routes operate as a flag stop, meaning that you can be waiting anywhere along the route and catch the bus. Just make sure you are standing on the correct side of the road in the direction in which you wish to travel and in a safe and visible space for the driver to stop. When you see the bus approach, simply wave your arm to indicate to the driver that you'd like to board.

Some points of interest along the County Line B route include McMurray Town Center, Peters Township Community Recreation Center, shopping plazas along Route 19, The Meadows Casino, Tanger Outlets, and Downtown Washington.

The one-way fare to go from Peters Township to Finleyville and Monongahela is $1.50, as are trips to Racetrack Road locations. The fare from Peters to Downtown Washington is $2.50. Half fare cards are available for qualifying riders and children 11 and under ride for free on fixed route service when they are accompanied by an adult rider. Seniors who are 65 and older receive free fares on fixed route service when they show the driver a Senior Transit ID Card, available at Washington Transit Center or by calling Freedom Transit at 724.223.8747.

Freedom Transit also operates a Metro Saturday bus route and weekday Pittsburgh Metro Service. Details can be found on freedom-transit.org.

Shared ride service is available to eligible riders. This service is offered as prescheduled door-to-door transportation across Washington County. Programs under the shared ride service include Senior Shared Ride, Rural Transportation for Persons with Disabilities, the Medical Assistance Transportation Program, ADA Complementary Transportation, and Veterans Van Service to VA clinics in Downtown Pittsburgh.

2020 PAVING PROGRAM
It is the time of year, once again, when Peters Township prepares to resurface a portion of their streets that are in need of rehabilitation. As in previous years, the roster of streets scheduled for resurfacing in 2020 is generally based on a revolving three-year plan generated from an in-house pavement management system. The pavement maintenance budget for 2020 is roughly $1.6 million and includes not only road resurfacing, but other maintenance practices such as our annual street rejuvenator/seal coating program and a crack sealing program. By selecting appropriate rehabilitation methodologies and using a combination of contractual and in-house paving by the Public Works Department, the Township hopes to resurface 4.5 to 5.5 miles of streets, rejuvenate 10 miles of streets, and perform crack sealing on 6 to 7 miles of streets in 2020. The tentative list of streets scheduled for 2020 resurfacing, budget permitting, is as follows:

Bids for the road program are scheduled to be opened on April 3rd. Drainage and preparatory work should begin in mid to late May with milling and resurfacing operations following shortly thereafter. Paving work is anticipated to be completed prior to the start of the new school year in late August to minimize conflicts with bus service. Affected residents will receive a general notification by the Township via U.S. mail detailing the work to be done on their street. Prior to the actual start of work on each street, the Contractor will be hand-delivering notices to each affected household outlining any special instructions regarding start dates, parking arrangements, and vehicle access. If you have any questions regarding this year’s paving program, please contact Mark Zemaitis, Director of Engineering, at 724.941.4180.
